

APRIL IS PARKINSON'S AWARENESS MONTH!

Please join us at a special reception of the West Allis Support Group to celebrate Parkinson's Awareness Month.

For the first time, April has been designated nationally – and officially – by the U.S. Senate as Parkinson's Awareness Month, and now the City of Milwaukee and County of Milwaukee also officially mark this occasion.

Milwaukee Mayor Tom Barrett and County Executive Scott Walker have issued proclamations officially designating that April is Parkinson's Awareness Month, and both have been invited to attend.

Guest speaker: Paul Mamerow, PA, Regional Parkinson Center

**Tuesday, April 27, 2010
7:00 p.m.**

**West Allis Support Group
Aurora West Allis Medical Center
8901 West Lincoln Avenue
West Allis, Wisconsin
Meeting Room C near the cafeteria**

Dessert and coffee will be served at this free event.

For more information, call (414) 219-7060.

The West Allis Support Group is one of 53 support groups affiliated with the Wisconsin Parkinson Association. Founded in 1984, now with 5,500 members in five states, the WPA strives to increase public awareness about Parkinson Disease, leading to greater public support, improved treatment options for patients, better assistance to caregivers and families, and increased funding for Parkinson disease research.
