Wisconsin Parkinson Association and Partnership Entities

Wisconsin Parkinson Association

The Wisconsin Parkinson Association (WPA) is a nonprofit organization that conducts local and regional education programs about Parkinson disease and provides literature, educational material, and a speaker’s bureau. The WPA also coordinates community support groups – throughout Wisconsin, Illinois, Indiana, Iowa, and Michigan – that assist people with Parkinson disease as well as their caregivers and families. The Parkinson Research Institute, the WPA’s research arm, was established to uncover the cause or causes of the disease, advance the quality of patient treatment, and identify promising new directions in the quest for the cure.

Regional Parkinson Center

More than 20,000 people with Parkinson symptoms have been treated at this outpatient center over the past 20 years, and the center follows the progress of 3,000 patients annually. The center’s standing as a leader in the treatment of Parkinson disease provides an enormous database that can contribute to solving treatment issues and understanding the potential causes of Parkinson disease. The center also conducts major pharmaceutical studies (clinical drug trials) to understand better the long-term-care implications of medications currently used to manage the symptoms of the disease.

Acute Care for the Elderly (ACE) and Rehabilitation Services at Aurora Sinai Medical Center

Aurora Sinai Medical Center is a 234-bed, community-based, not-for-profit hospital serving Milwaukee’s diverse urban population. ACE is a nationally known program that focuses on the individual’s acute care, recovery, and rehabilitative needs. The nurses and therapists at Aurora Sinai Medical Center have extensive knowledge of Parkinson disease and are uniquely qualified to meet the needs of Parkinson patients.
President’s Message

by Richard Schumann
President, Board of Directors

Dear Friends,

Without you, we could not answer the needs of those who live with Parkinson disease. Your help and financial support give others the chance to improve their lives with Parkinson’s. I invite you to review this annual report to learn more about what we do – and about what your generous gifts enable us to do.

We had a very successful year. Our symposium in June was attended by more than 230 people from around the state, including caregivers and health-care professionals. We are strengthening our connection with support groups throughout our service area and reaching new people through our Living Well Conferences and other community outreach and education programs. We are answering a need in the community that is, unfortunately, growing day by day.

Additionally, we gratefully acknowledge the work of our volunteer Parkinson support groups. We had the pleasure of visiting most of them this past year and celebrate our collaborative efforts as we join together as a team to support the WPA and those who live with Parkinson’s.

Equally importantly, we are building on the wonderful board of directors who are stewards of the WPA and its programs. We have an election coming up in December to bring on a new slate of officers to our strong board, and we are in the midst of planned, positive change. Join us as we continue our mission and become involved as an ambassador for positive change.

Sincerely,

Richard Schumann

Mission

The mission of the Wisconsin Parkinson Association is to expand medical professional and public awareness and understanding about Parkinson disease that will lead to maximum support, the best individual health care, assistance for caregivers and families, and increased funding for research.

Vision

The vision of the Wisconsin Parkinson Association is to create a world without Parkinson disease – until then, we are here to help by:

- making the public more aware of Parkinson’s and where to get help;
- educating health-care professionals about how to recognize and treat Parkinson’s;
- supporting people with Parkinson’s, their caregivers, and family members;
- providing information to people with Parkinson’s so that they have the resources and knowledge to treat and care for their disease; and
- supporting research into the cause, better treatment, and a cure.
Significant Accomplishments

Medical Staff Training (FY 2013-14)
This past year, the WPA expanded its focus and involvement with the senior community. WPA staff regularly now attends the Milwaukee Senior Network and Waukesha County Senior Consortium’s monthly meetings. Through this engagement, we were able to provide 10 in-service trainings to staff at long-term-care and home-care agencies, providing them with input on proper medical care, signs and symptoms of Parkinson disease, and the importance of medications. These trainings reached nearly 250 professionals and served to benefit the numerous clients they serve with Parkinson disease. These connections also led to greater involvement from the senior community in the WPA Symposium and other outreach efforts undertaken by the WPA this past year.

PWR! Training (October 2013)
In October, the WPA partnered with the Madison Chapter of the APDA to offer the PWR! Program. PWR! stands for Parkinson Wellness Recovery and focuses on using exercise as a first line of defense for people with PD. The first night, we partnered to provide a community program, which was attended by 40 people. Then, the weekend provided the PWR! training for 28 individuals, ranging from physical therapists to personal trainers. The attendees were taught how to integrate exercise into all stages of Parkinson disease and ways to integrate this into individual needs and symptoms. This was the third year in a row that the WPA and APDA collaborated to provide the PWR! training.

WPA Focus in WTMJ4-TV "Special Assignment" Segment (September 26, 2013)
During the September 26 broadcast of WTMJ4’s ten o’clock news, the WPA received valuable television airtime when Shorewood resident and Parkinsonian, William Barnewitz, and Regional Parkinson Center Medical Director Paul A. Nausieda, MD, were interviewed in a “Special Assignment” segment following the premiere of The Michael J. Fox Show.

WPA Annual Meeting (December 11, 2013)
WPA Board President Richard Schumann welcomed guests at the annual meeting and lunch at Shully’s Cuisine in Thiensville, after which Jeremy Otte, director of outreach and education, reported on programs and services; Thomas Fritsch, PhD, spoke about research by the Parkinson Research Institute; and Paul A. Nausieda, MD, talked about the clinical side of Parkinson disease. The board held a brief meeting and installed new board members Knut Apitz, James Cantrell, Stanley Jaskolski, Jung Kwak, Kate McDonald, and Robert McDonald. Mr. Schumann thanked recent past board president, Michael Hillman, for his service to the board.

Jeanine Bly Named Executive Director (February 2014)
Jeanine Bly, BSW, MBA, returned to the Wisconsin Parkinson Association in a new role, as executive director, to assume responsibility for day-to-day operations, staff, and fund-raising efforts.

Milwaukee Magazine Article Features PRI’s Unique Brain Bank (April 2014)
The April issue of Milwaukee Magazine included an article written by Joan Elovitz Kazan about the Parkinson Research Institute’s Brain Bank program. PRI Associate Director Maggie Wallendal, interviewed for the article, described the program and the process of brain donation as well as the purpose of the tissues in furthering important Parkinson disease support groups, such as the Appleton young-onset group -- become a source not only of information, education, and encouragement; people develop warm friendships and foster a sense of community with each other. The WPA provides information, support, and resources for these volunteer peer groups.
research for Parkinson disease and other movement disorders.

Music, Memory, Dementia, & Research (June 11, 2014)
The June 11 "Lake Effect" program on WUWM-Milwaukee Public Radio featured gerontologist and assistant professor in the Helen Bader School of Social Welfare, Jung Kwak, PhD, who asked: "...can simply listening to one's favorite songs improve memory, mood, and quality of life for the five million people with dementia in the United States alone?" Dr. Kwak – a board member of the Wisconsin Parkinson Association – conducted a study in conjunction with Thomas Fritsch, PhD, of the Parkinson Research Institute and colleagues at the University of Wisconsin-Milwaukee to find out whether and how music affects memory, cognition, and mood.

Kenton Kilmer Parkinson Disease Symposium
(June 27, 2014)
The WPA's full-day annual education symposium was held at Country Springs Hotel and Conference Center in Pewaukee, Wisconsin, in June. This year more than 230 people attended the Symposium, with 31 vendors providing a variety of information and services to the participants. Featured speakers presented on the progression of PD, various symptoms of Parkinson disease, and the importance of exercise and PD. In addition to these topics, there were breakout sessions covering topics ranging from coping with stress, estate planning, senior living and care options, preventing falls, networking for caregivers, sleep disruption, and adapting the home for safety and convenience. The topics ranged from PD-specific to providing resources for care partners and families. Attendees gave very positive feedback. One participant stated, "The symposium was well organized and very beneficial!" While another participant shared, "The whole symposium was excellent. Thank you, and I can't wait for next year!"

WTKM 104.9 FM Radio Broadcast Interview of WPA Director of Outreach and Education (July 25, 2014)
WTKM radio's "Open Line" program with host Dave Stout featured an interview with Jeremy Otte, director of education and outreach at the Wisconsin Parkinson Association, and Dacy Reimer, APNP, advanced practice nurse practitioner of the Regional Parkinson Center in Milwaukee. Dave Morbeck, owner and president of ComForCare Senior Services in Jackson, Wisconsin, each month offers a segment—"Living the ComFortable Life"—to provide seniors with resources and answers about a continuum of care. Dave interviewed Jeremy Otte and Dacy Reimer about Parkinson disease and services available to those living with the disorder. WTKM is a community-oriented station serving Washington and Dodge counties.

WPA members receive the WPA’s Network magazine, published quarterly, which features articles by medical professionals, news about clinical research, information on how to access community services, and activities by the WPA designed to educate and support those living with Parkinson disease.
The Wisconsin Parkinson Association’s fiscal year 2013–2014 programs and services were planned in accordance with our mission statement. The WPA provided educational opportunities to the Parkinson and medical communities to expand medical professional and public awareness and understanding about Parkinson disease. Here are some of the highlights from our past year’s programs and services.

Living Well Conferences
This past year, we hosted Living Well Conferences in Rockford, Illinois, and Davenport, Iowa. The half-day conferences featured educational presentations conducted by physicians, researchers, and other health-care professionals. These regional conferences, which are especially helpful to patients who are unable to travel to our annual symposium, served 215 people.

Understanding PD Seminars
These two-hour seminars provide basic information about Parkinson disease and are open to anyone in the community who would like to learn more about PD. These seminars help us increase public understanding about PD, which is important because it is so often underdiagnosed and misunderstood. The locations were chosen with the help of local support group leaders looking to provide education to their group members and community. In FY 2013-14, we held seminars in Oshkosh, Menomonee Falls (two), Brookfield, West Allis, and Waukesha.

Kenton Kilmer Parkinson Disease Symposium
This is our full-day annual education symposium. This year, it was held at Country Springs Hotel and Conference Center in Pewaukee, Wisconsin. In June, 230 people and 31 vendors attend the symposium. Featured speakers talked about the progression of PD and the importance of exercise and PD. Also, the conference featured break-out sessions covering topics ranging from coping with stress, estate planning, senior living and care options, preventing falls, networking for caregivers, sleep disruption, and adapting the home for safety and convenience.

Newly Diagnosed Workshops
When first learning they have a diagnosis of Parkinson disease, the patients and their families have many concerns and questions. The WPA sponsored two workshops this past year for patients and their loved ones. Those attending were given valuable information regarding Parkinson disease, as well as the chance to pose questions to a Parkinson disease physician, an occupational therapist, and a neuropsychologist. We had 37 attendees this past year.

Support Groups
The WPA is associated with more than 60 support groups throughout a five-state area. The WPA’s staff gave presentations 62 times to the support groups, discussing programs and services offered by the
WPA. The WPA provided educational materials, speaker and topic ideas, modest grants to help run the meetings, and assistance with advertising and promotion of their groups.

Facilitator Training
The annual Jody Goratowski Support Group Facilitator Training was attended by 35 support group facilitators prior to the annual symposium. The goal is to assist facilitators in running their groups effectively and to train them as facilitators. During the session, they are encouraged to share their knowledge, network, and discuss potential speakers and topics.

The Network Magazine
The WPA’s quarterly magazine is available to WPA members. The Network provides up-to-date information on medications, clinical research, ways to live well with PD, reports about community events, and a listing of support groups in our service area of Wisconsin and the surrounding states of Iowa, Illinois, Michigan, and Indiana.

Website
The WPA’s website (www.wiparkinson.org) provides information about Parkinson disease and local exercise classes and support groups; it also highlights WPA programs and events in the communities we serve, and it offers information about research.

Library
The WPA has a vast lending library of books and DVDs open to its members and the support group facilitators. This year we made considerable effort to improve the visibility and availability of the lending library. The library is located in a high-traffic area and is available to people via the WPA website.

Medical Staff Training
In-services were provided to staff at long-term-care and home-care agencies that offer care to Parkinson patients. This year, WPA staff provided 10 in-service trainings to a variety of agencies, providing them with input on proper medical care, signs and symptoms of Parkinson disease, and the importance of medications. These trainings reached nearly 250 professionals.

Referral Services
The WPA receives many calls from patients, their loved ones, and professional caregivers. Our staff provides educational resources, support group referrals, local movement disorder specialists, and more. Our goal is to connect each caller with the most relevant organization that can meet their needs. Also, we provide multiple referrals per request to best find the service or organization to respond to their request.

At the WPA’s 2014 annual symposium, held in June at Country Springs Hotel in Pewaukee, Wisconsin, the WPA awarded the Tulip Award to Craig High School for its Pace for Parkinson’s run/walk. The cumulative total of funds raised over the first four years of the event is nearly $40,000; the event involves students, faculty and staff, and the community of Janesville. Pictured from left, Jeanine Bly, WPA executive director; Michelle Meier, Cherie Farrell, and Tricia Jones of Craig High School; and Richard Schumann, WPA president of the board of directors.

Statistics from audited financial statement, year ended August 31, 2014

WIPFLi, LLP, expressed its opinion that the financial statements present fairly, in all material aspects, the financial position of the Wisconsin Parkinson Association, Inc. as of August 31, 2014, and the changes in its net assets and its cash flow for the year then ended in accordance with accounting principles generally accepted in the United States. For a detailed report, visit www.wiparkinson.org > About Us > Financial Information > Audited Financial Statements.
**Donations**

With heartfelt appreciation, we recognize and thank the many generous donors, who, through their gifts, support those with Parkinson disease and their loved ones. The following list reflects contributions received during the fiscal year September 1, 2013, through August 31, 2014; gifts of $25 or more are shown. Donors whose names appear in italics designated a portion of their gifts for research. On behalf of all those in our region who live with Parkinson’s, please know that we are very grateful for your support.

Names listed in blue show members of the WPA Tulip Club. The Tulip Club is a special group that provides additional philanthropic support for our programs and services. Thank you for your generosity in helping those with Parkinson disease.

### $10,000 or more
- **All Shook Up for Parkinson’s/Kreklow Family**
- Community Foundation for the Fox Valley Region, Inc./Phyllis I. Wormwood Fund
- Fall Parkinson Ride in Memory of LaVern McCarrville and Marvin Emberson/Brandon Hendrickson, Eric Emberson, and Rene Nicholson
- **Greater Milwaukee Foundation**
- Pace for Parkinson’s/Craig High School
- **Mr. Roger Ritzow**
- Von Brisen & Roper, SC/Harlan J. Murray Charitable Remainder Annuity Trust III

### $5,000 to $9,999
- **Bottle Milwaukee Charity Softball Tournament in Memory of Tim Puthoff/Matt Puthoff**
- Community Health Charities of Milwaukee
- Ladish Co. Foundation
- **Mr. and Mrs. Ken Muderlak**
- Pacific Life Insurance Company/Betty R. Hoffman Death Benefit
- Prescott Family Foundation
- Sargento Foods, Inc.
- Woodruff Marital Trust

### $2,500 to $4,999
- 17th Annual LaVerne Brewer Memorial Golf Outing/Brewer Family
- **Mr. and Mrs. James D. Cantrell**
- **Greater Milwaukee Foundation/Edmund J. and Nancy C. Vojtik Fund**
- Dr. Paul Nausieda and Dr. Evonne Winston
- Punz Parkinson’s with the Packers/Samantha Barbian and Family
- **Mr. and Mrs. Richard Schumann**

### $1,000 to $2,499
- Anick & Associates
- Community Health Charities of America
- Scott Donahue Golf Outing/Scott Donahue
- **Ms. Beverly Gloudeman**
- Mr. Robert Godbansen
- Evan and Marion Helfaer Foundation
- Mr. James Kress
- **Mr. and Mrs. Frank Lorenz**

Nancy and Wayne Kreklow organized and hosted an annual “All Shook Up for Parkinson’s” Elvis tribute concert fund-raiser in New Glarus, Wisconsin, that raised a remarkable $55,000 over a five-year period for Parkinson’s research.
The annual Fall Parkinson Ride in Memory of LaVern McCarville and Marvin Emberson celebrated its ninth year in 2013. The community of Monticello and one hundred dedicated Harley riders participated in the day that resulted in a generous gift of nearly $8,000 to help those who live with Parkinson disease.
Pace for Parkinson’s 5K walk/1-mile family fun run, in its fourth year, was created by Craig High School’s teachers and students to honor its retired principal, Dr. Mike Kuehne (inset), who has Parkinson’s. The run took place in Riverside Park, Janesville, Wisconsin and resulted in a spectacular $13,800 for Parkinson disease. In June 2014, the WPA showed its gratitude for these remarkable efforts by awarding to Craig High School its Tulip Award at the annual symposium in Pewaukee.

The 17th annual LaVerne Brewer Memorial Golf Outing in May 2014 marked the final appearance of this fund-raiser by the Brewer family, who determined that the outing had achieved what it had set out to do: honor their mother’s memory and raise money to help others. Over those 17 years, the golf outing grossed a total of approximately $300,000.

WPA board member, Knut Apitz (center), celebrated his 75th birthday last March with a party at the Italian Community Center in Milwaukee; instead of receiving gifts, he asked his family and friends to make a donation to one of his favorite charities, which included the Wisconsin Parkinson Association. He is shown flanked by his sister, Toska, and her husband, Barry, and other members of the Quinnies family (l to r): Ken, Ricky, Gavin, and Craig.

The Bottle Milwaukee, a tavern in Milwaukee’s Bay View neighborhood, holds an annual charity softball tournament to benefit a local nonprofit. Since 2012 the event has donated to the WPA a total of more than $13,000 in memory of Tim Puthoff to assist those who live with Parkinson disease. The day-long tourney takes place at the KK Sports Center in August. Shown at far right: Matt Puthoff, the organizer of the event, with his parents; his father, Len, is the brother of the late Tim Puthoff.
Punt Parkinson’s with the Packers has been run the past two years by Samantha Barbian and her family to raise money for the WPA and to raise awareness of young-onset Parkinson disease. In 2013, the event was held in September at the Preserve at Deer Creek Golf Course; in addition to a silent auction, TV screens showed the Packers vs. Bengals game, resulting in more than $4,000 to the WPA.

A new event “entered the building” last June with “Rockin’ with the King” at The Reel Inn in Necedah, Wisconsin. Over a four-day period, the festival included an Elvis tribute artist competition, a Memphis-style barbecue, and a classic car show. The hosts, Elaine Bomback Wesley, whose father lives with Parkinson disease, and her husband Garry (pictured at left as their tribute avatars, Patsy Cline and Elvis) created and managed the event. Board President Richard Schumann was on hand to accept their generous donation.
Norma Semling, a co-facilitator of the Northwoods (Minocqua) and Rheinlander Parkinson support groups, convinced the Tribute Brewing Company in Eagle River to give her some of their empty beer growlers. She then used them as canvases, painting such designs on them as pine cones and forest landscapes. The brewing company then sold the growlers, which proved very popular, and Norma gave the proceeds to the WPA as a donation. Norma’s artistic creativity and creative business acumen blended to benefit those who live with Parkinson’s!

The WPA Spreads its Social Media Wings

Since 2010, the WPA has been a member of Community Health Charities, a workplace giving program; at the end of 2014, the WPA featured in associations with the AmazonSmile and “Giving Tuesday” charitable donation programs.

To extend our reach beyond the print world, the Wisconsin Parkinson Association is active in social media. Visit us on our website at www.wiparkinson.org, and follow us on Facebook, Google+, LinkedIn, and mke123.org. Connect with us!
